Everglades Agricultural Area Phosphorus Best Management Practices Training

Location: Online: <https://ifas-bmp-eaa.catalog.instructure.com/>

Date/Time: Available Feb 5- Sept 30, 2021; **Self-paced: FREE**

Target Audience: Everglades Agricultural Area (EAA) growers, farm personnel, water managers, and pesticide and fertilizer applicators.

Training Overview: The goals of the online workshop are to review and discuss the operating principles of the EAA Best Management Practices (BMP) program and provide participants with the latest implementation information. Pesticide Continuing Education Units (**4 CEUs**) will be offered to workshop participants. Speakers and topics for the training are shown below:

Jodie Hutchins	SFWMD	BMP Implementation and Verification
Lyn Gettys	UF/FLREC	Aquatic Weed Management in EAA
Matt VanWeelden	IFAS/Extention	Wise Use of Pesticides
Mabry McCray	UF/EREC	Nutrient Control Practices
Samira Daroub	UF/EREC	Water Management BMPs
Andres Rodriguez	UF/EREC	Particulate and Sediment Controls
Samira Daroub	UF/EREC	BMP Research Update

Registration: Please [register online](https://ifas-bmp-eaa.catalog.instructure.com/) <https://ifas-bmp-eaa.catalog.instructure.com/> create a username and password and log on to class website. Class is free and self-paced. A short quiz is required to get a certificate of completion as well as pesticide CEUs for those who need it.

Any questions, please contact Dr. Samira Daroub by email: sdaroub@ufl.edu or by phone: 561-993-1593.
